

Young Investigators Award and Moderated Posters Prizes

EuroPREvent 2010

EuroPREvent aims to be the main European meeting place for science in preventive cardiology; therefore the presentation of new scientific findings has the highest priority for the European Association for Cardiovascular Prevention and Rehabilitation (EACPR).

- [Moderated poster prizes winners](#)

Congratulations to the winners of this year's Young Investigators Award and moderated poster awards competition.

Moderated poster prizes winners

The best moderated posters per EACPR section (Prevention & Health Policy, Epidemiology & Public Health, Cardiac Rehabilitation, Sports Cardiology, Exercise Physiology and Basic Science) were selected onsite during the Moderated poster sessions. The six winning posters were displayed until the Saturday, 9 May 2009 in the exhibition area. Each presenter have received a certificate in recognition of their outstanding scientific work.

Prevention and health policy

Chairperson(s) : S Logstrup (Brussels, BE), S Giampaoli (Roma, IT).

Winner: *"The influence of smokers socio economic status on motives to quit and reasons to relapse."* C Pisinger, Denmark

Epidemiology & Public health

Chairperson(s) :S K Malyutina (Novosibirsk, RU), S Sans Menendez (Barcelona, ES)

Winner: *"Using the Health Survey for England to monitor the effect on non-smokers and on inequalities of smokefree legislation."* J Mindell, United Kingdom

Sports cardiology

Chairperson(s) :K-P Mellwig (Bad Oeynhausen, DE), D Corrado (Padova, IT)

Winner: *"Evaluation of left ventricular hypertrophy in highly trained adolescent athletes."* L Maskhulia, Republic of Georgia

Cardiac rehabilitation

Chairperson(s) :M F Piepoli (Piacenza, IT), P Doherty (York, GB)

Winner: *"Randomized controlled trial on the effect of a long-term secondary prevention program over 3 years in a high-risk low-education cohort."* M Redaelli, Germany

Basic science

Chairperson(s) :G Kojda (Duesseldorf, DE), V Adams (Leipzig, DE)

Winner: *"Nitric oxide (NO) induces AT-2 receptor expression in a cGMP-dependent manner."* S Agouri, Germany

Exercise physiology

Chairperson(s) :L Sidossis (Athens, GR), J Lefevre (Leuven, BE)

Winner: *"Anti-proteolytic effects of exercise training in the skeletal muscle of chronic heart failure patients: does exercise work equally well in all age groups?"* M Sandri, Germany
